

CITY CAMPAIGN FORCES GATHER FOR THE FINISH

Campaign Unusually Quite in the Beginning Warm as Election Day Nears

NONE PLAY LONE HANDS

Two Tickets in Field and All Candidates Loyal to Their Ticket

With the city election but two days off, supporters of rival candidates swung into high speed in the campaign today.

The campaign up until this week has been chiefly a "word to mouth campaign" with meetings only for campaign workers and no speeches. Printers ink has come prominently into the campaign in the last few days. Between now and Tuesday, the day of the election, the full force of all candidates will be exerted in the plea for support of the people.

There is no candidate playing a lone hand in the city commission race. On the one hand there is the ticket composed of A. P. Lenhart, C. W. Henzler and Chris Bertsch and on the other the one headed by E. H. Register, for president of the city commission, and Harry Thompson and S. S. Clifford for commissioners.

The five candidates for police magistrate are conducting their campaign quietly. They are C. W. Cashman, B. F. Flanagan, Geo. V. Halliday, G. H. Dolan and Anton Beer.

It is estimated that 3,500 men and women will be entitled to vote on Tuesday.

City commission elections also will be held in Fargo and in Minot next Tuesday. The campaigns in those two cities are being conducted apparently much in the same manner as in Bismarck. There are no candidates for large meetings, the speeches confining their efforts to individual efforts and newspaper advertising.

PRIVATE BANKS HAVE EXCESS OF LEGAL RESERVE

Decrease Shown, However—Only Two Days to Change Condition, Examiners Say

There are only two ways in which the financial condition of the country banks of the state will be materially altered in the next few months, according to O. E. Loftus, state examiner. They are: To get new money in the state, or to realize from the sale of a big crop in the fall.

Mr. Loftus, commenting on the latest statement of the condition of the banks of the state, published today, said that there was no material change. A decrease in deposits from Dec. 29 to Feb. 21 is shown, and there is a decrease in reserves. The banks as a whole, however, have \$1,423,718.19 in excess of legal reserve.

The statement shows a comparison of total deposits as follows: Feb. 28, 1920—\$127,515,842.07; Dec. 29, 1920—\$103,954,649.52; Feb. 21, 1921—\$95,738,219.02.

The reserve comparison follows: total reserve Feb. 28, 1920—\$18,108,158.46; total reserve Dec. 29, 1920—\$10,492,645.43; total reserve Feb. 21, 1921—\$9,010,169.76; total reserve required Feb. 21, 1921—\$7,586,451.57; surplus reserve Feb. 21, 1921—\$1,423,718.19.

THIS IS A FOWL STORY
FREMONT, O., April 2.—Dan Rooney's sow killed all of her pigs but one. The piggy ran under a hen, chasing her chicks away. Now the hen mothers it and refused to take back her chicks.

WHAT'S THE ANSWER?
TOLEDO, O., April 2.—Vic Rosenberg, license clerk, has issued 83 marriage certificates the past month. Forty-four of them were to widows and 39 to maidens.

SERVICE MEN OF MC LEAN COUNTY PAY TRIBUTE TO LIEUT. WALLIN

Washburn, N. D., April 2.—The remains of Victor B. Wallin, first lieutenant, "B" Co., 356th Inf. 89th Div., were buried here Thursday by the side of his father in the family lot in Riverview cemetery. Full military honors were accorded the dead officer by the organization named in his honor, Victor B. Wallin Post No. 12 of the American Legion.

Lieut. Wallin was killed in action near Pouilly, France, on the morning of November 11, 1918, just a few hours before the signing of the armistice and the body was buried by his men in an elevation above the village of Pouilly. At the time of his death he was commanding D Co. of the 356th.

The body was later removed to a cemetery near Beaumont at which place the mother of Lieut. Wallin and his brother Lt. Homer N. Wallin of the U. S. navy visited the grave in the autumn of 1920. When they learned that this cemetery was to be abandoned and the body removed they determined to have the remains brought back to the states and to the home cemetery.

The body was met at the station in Washburn by the band and a military escort, together with school children and citizens and conveyed to the opera house, remaining under military guard until the hour of the funeral. All business in the city was suspended Wednesday morning and Thursday afternoon.

Many Pay Tribute.
The hour of the funeral was 1:30 and the opera house was filled to capacity before the time for opening the service. As a prelude to the service the Washburn band played a selection of Mesdames McCurdy and Robinson. Mesdames Brumman and Olson and Messrs. Ribbel and Burzum.

McCurdy and Robinson, the daughter of My Soul and Rev. Bischof pastor of the Baptist church read the Scripture. (Continued on page 2)

HOLDS RECORD AS CUPID'S AID

5,000 Weddings—\$35,000—Rev. Charles W. Savidge of Omaha, Neb., claims the world championship as a "marryin' parson." Here's his record: Couples married, 5,000; total wedding fees, \$35,000; largest fee, \$50; smallest fee, 6 saplings; 50 double weddings; largest attendance at a wedding, 10,000.

FARMERS TAX LEAGUE FORMED

CHICAGO, April 2.—Formation of the farmers federal tax league of America, which will oppose the federal sales tax, was announced today by Eugene Frey, of Argyle, Ill., former lecturer of the Illinois State Grange, who is secretary and treasurer of the organization. Geo. F. Conington, lieutenant governor of Wisconsin, is president of the league.

RAPS SHERIFFS WHO DON'T GET TAG "SLACKERS"

Head of Registration Department Says Only 26,000 Licenses Are Sold.

County sheriffs of the state are not enforcing the motor vehicle license act as they should, according to E. P. Crain, registrar. Mr. Crain's department has issued 26,000 motor vehicle licenses in 1921. The total number of vehicles required to be licensed is estimated at 107,000. The sheriffs of the various counties are required to enforce the motor vehicle law. The total collections of the department for 1921 thus far amount to \$200,000.

ANNA HELD'S ESTATE \$100,000

San Francisco, April 2.—Anna Held theatrical star, left an estate of \$100,000 to her daughter, Lenne Carrara.

TOWN WITHOUT AUTOS

ISLEBORO, Me., April 2.—Town council has banned the auto. Only horses are ever brought to this island. Horses and some humans who had never seen one before were greatly excited. This is a summer resort and vacationists like to sleep late.

750 CLAIMS OF SOLDIERS MAY BE PAID SOON

More Than \$225,000 Is Collected Into Fund During Month of March.

GENERAL FUND INCREASE

Approximately 750 soldiers' bonus claims can be paid by the state in the near future with tax funds collected in March.

Tax collections during the month of March, according to compilations made today in the office of Treasurer John Steen, show tax collections for the soldiers' bonus fund during March of \$226,979.57. Additional collections in April will increase the number that may be paid.

General fund tax collections during the month of March exceeded the collections during the same month last year. A total of \$355,574.71 was paid into the general fund of the state during March, 1920, the amount paid in was \$266,917.15. The total amount of taxes remitted to the state treasurer during the month of March was \$617,866.63, which, by comparison with payments a year ago, does not bear out previous statements to the effect that taxes are not being paid as promptly as in former years.

During the month of March, 1920, \$77,546.13 was paid into the soldiers' bonus fund. The average of the claims paid to former service men is about \$300.

CHICAGO COAL MEN INDICTED

Chicago, April 2.—Indictment charging conspiracy, boycotting and blacklisting were returned today against officers of the Retail Coal Bureau, the Retail Coal Merchants Association and several private detectives.

COOLER FIRST OF NEXT WEEK

Washington, April 2.—Weather predictions for the week beginning Monday: Upper Mississippi and Lower Missouri valleys—cooler Tuesday and Wednesday. Normal temperature thereafter. Rains probable at beginning followed by fair.

RELIEVE FRENCH AS ERIN HEAD

LONDON, April 2.—Field Marshal French will be succeeded as governor general of Ireland by Lord Dillkirk.

CAN SMELL IT ANYWAY
HODGENVILLE, Ky., April 2.—Confederated whiskey was poured into a ditch in front of the courthouse. During the night someone dug up and removed the stuff.

IND. PAPERS VARY COMMENTS ON ELECTION

Slope Counties Hesitant About Recall at Any Time, Says Pioneer

ALERT COMMENDS PLAN

Jamestown Paper Approves November Date—Commise, Thinks Forum

Independent papers throughout the state show a wide variance in their news on the various angles of a recall election.

The Mandan Pioneer, reflecting apparently the reluctance in the western part of the state to enter the combat now, hesitates to endorse the action at Devils Lake.

Hesitant About Recall.
"The Slope counties," it declares, "do not want a recall in June and they are hesitant about a recall at any time, for it means the opening of county fights as well as campaigns for state officials."

It suggests that the recall is giving the Nonpartisan League an excellent opportunity to replenish its depleted treasury.

Commends Platform.
The Jamestown Alert, which fought the June recall but was favorable to an election in the fall, commends editorially the program adopted and the candidates endorsed and welcomes the action of the convention.

It says in part:
The air clears with the decision for a recall, the setting of a date and selection of a candidate for governor. The people of North Dakota will welcome the end of uncertainty, delay, inaction and suspense, always ready to endure through ignorance and inaction. By its decision to hold the recall in November instead of June, by the fairness of the Independent program as adopted in its resolutions when it included the best features of both the Nonpartisan and the anti-Nonpartisan principles, the Devils Lake convention reflected honestly and accurately the desire and best counsel of their constituents. In selection of R. A. Nestos of Minot, Republican, and Sveinhorn Johnson of Grand Forks, Democrat, the convention chose clean, capable men. An American Legion man will complete the Industrial Commission as Commissioner of Agriculture.

Forum Approves.
The Fargo Forum, which has been a vigorous opponent of the recall, declares that the action at Devils Lake was a compromise and that "instead of an immediate recall of all state officers, including the supreme court justices, and with no constructive program on which to work, we will have a limited recall, confined to the three men chiefly responsible, held five months later than originally proposed, and with a definite program of reconstruction. Instead of merely changing officers and putting in new men with their hands tied, the new men will be given something to work with."

"No attempt will be made to recall the supreme court justices, and that decision should stand as a precedent whenever the question arises again in North Dakota."

"The recall will be confined to the three members of the industrial commission and will be postponed until November. That is in effect, a victory for those who opposed the recall at this time." It will give five additional months for the truth about conditions in North Dakota to be driven home. It will give five more months for league enterprises to collapse, and five more months for voters to come to a realization of the state's true condition."

The Valley City Times-Record holds to its former view that the recall is not advisable but states that the independents now that the action has been taken must get behind the ticket and put it over.

"The recall election has been definitely decided upon by the convention at Devils Lake and on November 3 the election will be held to recall the governor, attorney general and commissioner of agriculture. Known as the Industrial Commission, the body has now been cast, much to our regret the action of that convention, and it is now up to the people. For governor the convention nominated R. A. Nestos of Minot." (Continued on page 2)

DEAN OF BUSINESS SCHOOL OF SYRACUSE UNIVERSITY KILLED BY PROFESSOR WHO SLAYS SELF

SYRACUSE, N. Y., April 2.—J. Herbert Wharton, dean of the college of business administration of Syracuse university, was shot and killed by Holmes, his law professor of financial subjects in the college this morning. Peckwith then turned the gun on himself and committed suicide.

The shooting occurred in the office of the school of administration. Prof. Beckwith had been unpopular with the students, it was said, and petitions had been circulated among the students asking for his removal. In a statement issued soon after the shooting, Chancellor Day declared that it was his belief that Dean Wharton died trying to prevent Prof. Beckwith from committing suicide.

"This was indicated in a note left to Dean Wharton by Prof. Beckwith," said the chancellor, "in which he intimated that he was going to kill himself and referred to alleged unjust treatment of himself based on the fact of demand for his resignation."

"RENT STRIKE" HALTS MOVING ON MAY DAY

CHICAGO, April 2.—Threats of many families not to give up their apartments on May 1 in a fight against what they term unduly high rates will prevent many others from moving, according to express and storage companies who today refused to book movings unless permitted the option of placing the goods in storage in case it were found that the apartment to which it was consigned was still occupied by a rent striker.

DEMANDS OFFICE AS MEMBER OF RISK BUREAU

Wehe Makes Demand That Place of Spencer be Surrendered

L. J. Wehe, removed from office as a commissioner of the Workmen's Compensation Bureau, has made a formal demand upon the bureau for possession of the office now held by C. A. M. Spencer and for his salary since April, 1920, when Governor Frazier suspended him.

The return date on the alternate writ of replevin issued in district court here prohibiting Governor Frazier from holding a hearing on charges against Wehe, which was held after the writ was ordered, is Monday. It is expected that this will make the beginning of a new court battle Wehe plans to regain his place.

Mr. Wehe said today he would practice law in Bismarck until his fight is ended.

N. P. TAKES ON MILK SHIPPING BUSINESS TODAY

Has Been Handled Entirely by Express Company—Changes Local Force.

The Northern Pacific railway company today began handling milk and cream, heretofore handled by the express company.

Because of the increased business which will result in the baggage department of the railroad company, which will handle the milk and cream shipments, another clerk has been added to the force. George Flynn, of Jamestown, took this position in the local office today.

Thomas Challoner, of St. Paul, general roadmaster of the N. P., was in the city today looking over the property of the company.

Miss Gertrude Harrison, of the superintendent's office at Jamestown, came here today to accept a place in the freight office, taking a position vacated by Miss Hilda Littlefield.

ERIN CONSTABLE CROWD VICTIM

Belfast, Ireland, April 2.—Serious disorders occurred in Londonderry last evening. Constable Higgins was shot and killed by assailants who escaped. Two bombs were thrown at the electric light station and two soldiers were wounded and in rifle firing following the attack two civilians were injured.

60,000 U. S. MEN GET WAGE CUT

Washington, April 2.—Decision to reduce the wages of 60,000 men employed by the shipping board was reached.

MISSOURI FRUIT BADLY DAMAGED

Mountain Grove, Mo., April 2.—The damage to the fruit crop in this section from the blight disease is estimated at from \$150,000 to \$175,000.

PASSION PLAY IN 1922, PLAN

Chenango, N. Y., April 2.—The village plays voted to produce a passion play in 1922. It was last presented in 1910.

"BLUE LAWS" TO BE ENFORCED BY CO. ATTORNEYS

South Dakota Attorney-General Leaves It to the Local Authorities

Pierre, S. D., April 2.—Enforcement of Sunday blue laws in South Dakota originally planned as a statewide effort under the direction of the Attorney-General will be carried out on the sole responsibility of the various county officials, Attorney-General Kane said today. He could not go on how extensively how they would be enforced as county attorneys would have to report contemplated action to him.

SELECTION OF THIRD MAN FOR RACE DELAYED

Candidate for Commissioner of Agriculture and Labor Up to Committee

FARGO, N. D., April 2.—The selection of a candidate for Commissioner of Agriculture and Labor on the recall ticket of independents will not be made until the Committee of Twenty-One is charged with the addition of 21 women. It was stated here today. This will be in the near future.

The Nonpartisan state executive committee was meeting here today. It was said at headquarters that there was no announcement of matters considered to be made.

Twelchell in City
L. I. Twelchell, speaker of the house of representatives, was in Bismarck today, conferring with independent officials and supporters.

Mr. Twelchell expressed the opinion that the recall election would not be held before fall, although the recall resolution read "on or before November 8." The time lapse necessary before an election on a constitutional amendment can be had makes an early election improbable, he said.

GREEK FORCES ARE IN RETREAT

PARIS, April 2.—Greek forces which were driven out of the city of Eski-Shehr, Asia Minor, by a Turkish counter-attack early this week, are in full retreat, says a Constantinople dispatch received here. Turkish cavalry is declared to be pursuing the Greeks.

1,600,000 GALLONS OF LIQUOR MUST SUFFICE CHICAGO

CHICAGO, April 2.—Approximately 1,600,000 gallons of wine and whiskey must satisfy the medicinal requirements of 3,000,000 Chicagoans each year, according to the order that went out today from the office of Ralph Stone, dry commissioner of the central department, and prohibition director for Illinois, after his return from a conference at Washington.

RIGID ECONOMY, HEALING OF WOUNDS, AIMS OF R. A. NESTOS

Minot, April 2.—Rigid economy, a business administration, restoration of confidence and healing of wounds of the past four years are given by R. A. Nestos, nominated by the Independent party to lead the recall fight, as his chief aims if elected. His statement follows:

Needless to say I greatly appreciate the honor done me in the unanimous nomination for governor. The result is a responsibility which I feel that I must take to the people of the state, and in the administration of the office which I elected I may prove worthy of the confidence reposed in me.

I have long hoped that the nonpartisan platform would so modify its course that the state and its people might be enabled to extricate themselves from the political and financial mire into which they have fallen and thus make a new start. It is now becoming apparent that they either have shut their eyes to the dan-

MINES WRECKED IN ENGLAND AS PUMP MEN QUIT

Call for Help to Save Coal Mines From Destruction Is Sent Out

TO CUT CAR SERVICE

London Said to Have Enough Coal to Last Few Weeks With Mild Weather

LONDON, April 2.—Six British coal mines left to the mercy of intruding waters by the strike of miners and pump men have already been flooded and some are said to be in such condition that they may be permanently wrecked. Clerks and volunteers are manning the pumps.

Scores of telegraphic appeals reached the government yesterday asking that the sailors be sent to fight against the floods of waters pouring into the mines.

Various coal dealers' associations are publishing appeals in the newspapers calling on volunteers with engineering experience to give assistance.

The government is apparently taking a grave view of the crisis and is laying plans to deal with the emergency.

Cut Train Service.
Restrictions on train service will begin next Wednesday and a cut of 20 per cent will be made effective before the end of the week if the coal strike continues.

Domestic users of coal will be permitted to purchase only small amounts.

Another effect of the embargo on the export of coal has been an increase for the demand of tonnage to carry American coal to British bunkering stations.

No Disturbances.
The chairman of the London coal committee declares London has a supply for about three weeks but if the present summer-like weather continues it will last five or six weeks.

There were no disturbances anywhere, despatches stating the miners were enjoying a holiday.

KIDDIES HELPED TOWARD HEALTH BY RED CROSS

Two are Sent to Kansas City to Receive Treatment

Two little crippled children of western North Dakota may find their way back to health through the efforts of the Billings county chapter of the Red Cross.

Miss Norma Tibbets, welfare worker, who has returned from Kansas City, where she took the two children to Mercy hospital. They will be given six months' treatment there in an effort to cure the effects of infantile paralysis. The Red Cross county chapter pays the expenses of their transportation to Kansas City and Mercy hospital gives free treatment.

Miss Mary Harting, of Kildeer, was in the city this week, returning from St. Paul, where she took a child from Dunn county to obtain treatment of an orthopedic specialist. The Dunn county chapter of the Red Cross provided treatment.

These are just two of the many instances in which the Red Cross chapter of the Red Cross are doing wonderful work, according to Miss Henrietta Lund, representative of the Red Cross here.

FIRE DESTROYS 3,000 HOUSES

Manilla, P. I., April 2.—(By Associated Press.)—Fifteen thousand were rendered homeless by a fire of last night, which destroyed 3,000 houses in the northern section of the city, a native quarter known as the San Lazaro district. Two bodies were found today in the ruins.

BOY DETECTIVE REAL SHERLOCK

Mike Grady Does Sensational
Work in Helping to Check
Chicago's Crime Wave.

HE'S REAL "GO-GETTER"

Mike Grady Has Broken Up Murder
Gangs and Arrested Single-Handed
Many Murderers—Is Modest
About His Exploits.

Chicago.—Mike Grady, Chicago's sensational "boy detective," has scored another victory. The youthful sleuth, whose daring exploits have brought him a small fortune in rewards for the capture of criminals, is being showered with congratulations for his latest detective work. He is being heralded as a real Sherlock Holmes. But Grady, who is only thirty-two years old, and who has broken up murder gangs, arrested single-handed many murderers and who has helped to check the wave of crime in Chicago more than any other individual member of the police department, is again "on the trail," and is too modest to speak of his exploits.

Grady's Latest Exploit.

The "boy detective's" latest exploit was the capture of Eddie Morris. Three young, giggling Chicago girls, accompanied by three men, one of whom was Morris, went to a dance hall. One of the girls laughed at Morris. This angered him.

"I'll show you how to laugh at me," he said, and drew a revolver. The girls screamed and the proprietor called the police. Patrolman John Mullen answered the call. Mullen hurried in the door and looked around for trouble. He didn't have a chance for his life. A revolver was pressed against his back, fired, and two quarts of blood, which a brother patrolman gave him in a transfusion operation, couldn't save him. It was the most brutal murder Chicago had known in years.

Worked as Waiter.

Grady was put on the case. The "boy detective" didn't say that 200 policemen had been chasing Morris for a week. Several times the fugitive was sighted and running gun fights ensued. Grady joined in the man hunt. For three days he worked as a waiter and learned that the fugitive was a taxicab fiend. He became one, too. For days Grady was just a jump be-

Captured Eddie Morris.

hind Morris. Finally at dawn he cornered him in a cornfield on the outskirts of the city and captured him.

For this piece of work Grady was given Chief Fitzmorris' personal check for \$250. Grady only smiled. He already had collected eight or ten rewards, approximating \$11,000.

But the rounding up of Eddie Morris is only one of the famous cases Grady has solved. He captured, single-handed, 11 bandits caught holding up a store. Grady got the tip the gang was going to pull the job, and he was there waiting for them. He got three of the bandits at the time, and ran down the other eight in 48 hours.

The "boy detective" broke up the notorious Capalanza and Cardinella murder bands, several members of which were hanged.

GEMS NOT TRUE TO COLOR

Popular Fallacy to Ascribe to Precious
Stones Hues That May Be
Called Definite.

Story writers talk of the sky being as blue as a sapphire, or of a wild beast's eyes glowing as yellow as topaz.

Most of us are under the impression that we can recognize gems by their colors, and that certain colors belong definitely to certain stones.

Quite a mistake. There is hardly a precious stone which is always true to color. Diamonds, of course, vary greatly. The famous Hope diamond is a real and most beautiful blue.

Green diamonds are found, and others of a lovely crimson, but these are very rare. Black diamonds are common enough.

Black pearls are rarer, but are found. Pink pearls are greatly prized. One of the finest in existence was found in a fresh water mussel in the Mississippi river and is valued at \$15,000. Off the Pearl islands, south of Panama, pearls are found which are lead-gray and also green.

Sapphire mines in the Rocky mountains produce stones which touch the whole color scale from blue and red to an exquisite purple.

In Rhodesia is found a topaz of a most lovely pale blue. Yet the chemical composition of the gem proves it to be identical with the yellow topaz.

The colors of most gems are more or less fugitive. That is, under certain circumstances they are liable to fade. Take two rubies exactly similar, shut one in the dark, and leave the other exposed to full sunlight, and at the end of two years there will be a distinct difference between them. The one that has been exposed to the light will be decidedly paler than the other.

Similar results may be observed with both emeralds and sapphires. Garnets also will turn lighter, while in the case of the topaz, sunlight ends by diminishing and dulling the color of this stone.—Stray Stories.

DONKEYS FIGURE IN HISTORY

Merits of Patient Creatures Have
Been Sung by Poets and Depicted
by Painters.

The "common or garden" donkey is one of the most laughed-at animals, and few of us pause to think what a figure this stubborn but patient creature has made in literature, art, and history. The very first picture the visitor to the London National gallery sees as he enters the building is a beautifully painted ass upon which the Virgin sits with her Infant Son. It is Holman Hunt's "Triumph of the Innocents." Balzac's ass has passed into a proverb of the foolish instructing the wise! There is, too, the Golden ass of Apuleius, a romance of the second century. Balzac with his "Ass's Skin," Sancho Panza with his adored donkey, and Sterne with that dead donkey which he has immortalized. Then who can forget Robert Louis Stevenson's delightful "Travels With a Donkey," where the donkey is almost as entertaining as the author? There was, too, the famous donkey of Mafeking, and Halli Bey's donkey which was shaved of its ears by a British shot, and there was Matanza's mule killed in Cuba—but that was only half a donkey! King Midas was said to have ass's ears, and it was upon an ass that Mohammed went to paradise to learn the will of Allah. It was named Al Borak (the lightning), so it must have been the swiftest ass on record!

Dachshund a Hunting Dog.

The dachshund is a true bound and is used for hunting in Europe, especially for getting foxes and other such animals out of holes. As it is a great digger, and its peculiar build enables it to go down a relatively small hole. It has an excellent nose, and will trail rabbits, foxes and other game with great tenacity, but it is little used for hunting in this country because it is hard to train and manage, paying little attention to orders, and doing as it pleases. If the game goes to earth, it is almost impossible to get the dachshund away until it has been dug out. This breed is of great antiquity, one of its kind being painted on an Egyptian monument of 2000 B. C.

Characterology.

To the layman it may seem an impossible task to learn all of the things disclosed by the many parts of a human being, and yet, through the work of the men who have made these things their life study, the fundamental principles of characterology can be quickly learned and applied by the average business or professional man. Such a knowledge will enable business men to choose their associates and employees so that natural ability will harmonize with work in hand and every man will possess the precise innate capacity which will enable him to become an expert in the department to which he is assigned.

Blue of the Sky.

Not one in a hundred persons can tell why the sky is blue, or why the sunrise and sunset are red. But anyone can easily demonstrate the working of the "blue sky" law of nature. Blow a film of smoke into a darkened room and admit the light from one window only. Look at the smoke against the dark background of the room and its color is bluish, but look through it at the light and it appears reddish. The interception of the blue rays by small particles in the atmosphere produces the blue color. The red rays carried in white light jump the gaps between these particles.

FARGO CITY ENGINEER ON WATER COSTS

Several requests have come from the taxpayers of the city to the editor of The Tribune to republish a letter received February 4, 1921, from Robert T. Jacobsen, City Engineer of Fargo, relative to water costs in that city. It follows:

(REPRINTED FROM TRIBUNE OF FEBRUARY 5.)

Fargo, February 4, 1921
Editor Bismarck Tribune,
Bismarck, North Dakota

Dear Sir:
I want to thank you for your letter of February 2 enclosing a clipping on water costs in the city of Fargo, and asking me to make corrections.

The figures given are in cents per 1,000 gallons and the total cost is 17 1/2 cents per 1,000 gallons of water pumped to the city. The total number of gallons of water used for December, 1920, in the city should read "85,780,945."

Exclusions by Special Assessments.

In answer to your questions, I can state that the water department does not pay the original cost of extension of the distribution system or the cost of hydrants. Water mains and hydrants are paid for by special assessment on abutting property. Our present distribution system represents a total original cost of over \$450,000.00. This item does not enter in when the cost of water is computed. The cost of maintenance and operation of water mains and hydrants is

THE "DICER"
Remember when we called
derby hats "dice boxes?"
Dickens wrote about the
"pot hat" and his country-
men still call 'em "Bowlers."

The graceful soft hat of
today is an aftermath of the
Civil War and finds its
greatest perfection in the
Gordon Hat.

The Gordon models this
season are slightly—the
colors mighty attractive.

*Gordon
Hats*

paid for by the water department. The city pays, from general taxation, to the water department, a hydrant rental to cover use of water from hydrants for fire, street sprinkling, flushing sewers and public purposes. This year the sum of \$19,272.00 is paid to the water department for hydrant rental. This item is the only item raised by general taxation.

To the Citizens of Bismarck

Bismarck, N. D. April 1, 1921.

It has been brought to my attention that it is being charged against Mr. F. H. Register, a candidate for the office of president of the city commission, that he is an unfit man for the position as during his term of office as mayor of this city the ordinance regulating Bawdy Houses was repealed.

If there is an obloquy attached to the repealing of the ordinance it belongs particularly to the writer, who was an alderman at the time, and he is perfectly willing to assume all responsibility.

As in most western towns at that time, when Mr. Register was elected mayor in 1901, there was a so-called bawdy house ordinance in force in Bismarck. Under this ordinance inmates of such resorts could be hauled into court as often as local officials chose and fined. In practice this amounted to licensing such inmates and it became the general custom for them to send the amount of their fines, without putting in a personal appearance and receive immunity for the period agreed upon.

The fines received from such sources were, under the ordinance, allotted to the school fund and the education of the school children of Bismarck depended largely on the earnings of vice.

To the best of my recollection every alderman in the council voted for the repeal of the ordinance and it may be a satisfaction to the present city official, who is spreading the canard, to know that such citizens as J. P. Jackson, Henry L. Reade and Nels P. Lovin, who are still with us, were aldermen at that time, and those of them whom I have had an opportunity of seeing are proud of their part in the transaction.

Mr. Register, as mayor, did not have a vote, and this he assures me he regrets, as he surely would have voted for the repeal, but he did approve of the repealing ordinance.

Respectfully,
F. R. SMYTH.

APRIL 1st is a day of uncertainties. The ancient plug hat on the sidewalk probably conceals a brick, and just around the corner a mischievous boy is waiting to yell, "April Fool."

But these are just pranks which we all expect on that mischievous day.

It's the unexpected things in life that may have the most serious consequences—and every day has its share of these uncertainties.

When unexpected things happen a good bank account comes in mighty handy. And every day our officers are available for consultation and advice.

BISMARCK BANK
Bismarck, N. D.

What we've done for you on clothes prices

WE'VE bought the best; Hart Schaffner & Marx Suits and Coats.
We got them for about 1-3 less than last year.
We cut our margin of profit.
We guarantee to satisfy you; value, wear and all.

We give your money back if you say so.

S. E. Bergeson & Son
Tailored Clothes \$30 up

20 Per Cent by General Taxation.
One reason why our costs for furnishing water to the city are so low is because they are based upon the value of the water works plant alone. A privately owned plant would necessarily have to base its costs upon the value of the distribution system in addition to that of the water works plant.

I would say that approximately 80 per cent of the cost of furnishing water under our present method is

borne by revenue from water consumers while approximately 20 per cent is borne by general taxation. If our water department was a privately owned utility, and all charges had to be absorbed from the income, a fair meter rate of about forty cents per 1,000 gallons would have to be established. Our present meter rate is fifteen cents per 1,000 gallons with a semi-annual advance charge of from \$1.20 for the smallest domestic meter

to \$33.00 for the largest commercial meter.

If this is not clear, I shall be pleased to give you such further information as you may desire. Thanking you for your interest and courtesy in this matter and trusting you will correct the article you published. I am,

Yours very truly
ROBERT T. JACOBSEN,
City Engineer.

To the Electors of the City of Bismarck:

Bismarck, N. D., April 1st, 1921.

The circular of March 30th, signed by the Publicity Committee under the caption "DO NOT BE PUT TO SLEEP" gives me the idea that I may be able to prevent that unfortunate thing to happen when so important an election is coming on.

We all know, as Mrs. Quain put it to President Lucas the night that the Bismarck Water Franchise was extended, in October of 1915 that "He would go down in the history of Bismarck with the crime of 1915."

The writer was a member of the City Commission at that time so when the other members, who thought that the price of water was very reasonable, the supply for fire protection sufficient, and pure for our needs in 1915 and up to 1935, attempted to take the water case to the Railroad Commission in 1918, when the price of everything had doubled and even more, I opposed it and it was not until I was retired from office in the spring of 1919, that the present commission, ON ADVICE OF COUNSEL took it to the Railroad Commission.

Results:

1. From the Publicity Committee's letter mentioned above it has already cost the taxpayers \$9664.70.
2. Also a lawsuit to attempt to evade paying approximately \$24,000.00, (the expenses caused the water company in the investigation and ordered charged to the city of Bismarck by the R. R. Commission.
3. An increase in our water rates.
4. An opportunity for the City's Attorneys to find out in Federal Court, that they had no case against the water company.

Early in August of 1920, Commissioner Thompson offered a resolution to the City Commission, to stop litigation and to refuse to pay water rentals until certain provisions of the Franchise were complied with. This would have made the water company, if they wanted to get their money, hire the expensive lawyers to collect it. Again ON ADVICE OF COUNSEL the resolution was killed and the litigation was continued until as aforesaid the COUNSEL was told by the Federal Court that they had no case.

The budget for the city's expense this year is approximately \$100,000.00. Of this amount there is

City Attorney	\$1800.00
Associate Counsel	\$5000.00
Total	\$6800.00

This is about 7% of the entire amount, and all for, ON ADVICE OF COUNSEL.

No Voters, I say, "DO NOT BE PUT TO SLEEP" and allow this to continue. Vote to make an entire change in the majority of the City Commission and save this \$5000.00 as well as other leakages.

Yours Respectfully,
R. L. BEST.

CITY MUSICIANS CAPTURE PRIZES AT JAMESTOWN

Six Places Taken in the Music Contest—Remarkable Showing

Bismarck took six places in the music contest at Jamestown last night, four firsts, one second, and a fifth. Mary Atkinson won first place in piano; Norma Devol, first in voice; Sidney Rigler, ten-year-old cornetist had no competition on cornet, and Lyle Tong, high school student had no competition on saxophone. Adolph Rigler, another high school boy, won second place with violin. In the group of nine contestants on piano in which Mary Atkinson has first, Lyle Tong has fifth place, though piano is not Lyle's specialty.

Considering that Bismarck sent seven contestants and that six places were captured, the fact is written in large letters that the Bismarck musicians are finding their way very nicely. The successful contestants will go to the state university contest at Grand Forks in May, there to try their fortunes with contestants from all the other districts of the state.

Mary Atkinson is Mrs. Wheeler's piano pupil. Norma Devol studies voice under Miss Carbury. Lyle Tong, Sidney Rigler, and Adolph Rigler are pupils of H. W. Monson, head of the department of music of the Bismarck high school.

RECESS LIGHT RATE HEARING TO APRIL 26

Investigation Into Prices for Electricity Adjourned to Await Engineer's Report

The hearing into electric light rates charged in Bismarck being conducted by the state railroad commission was recessed yesterday afternoon to April 26. At that time the report of the commission engineers on the valuation of the plant will be ready.

The Hughes Electric company was ordered to have a copy of its incorporation papers and certain other information available at that time.

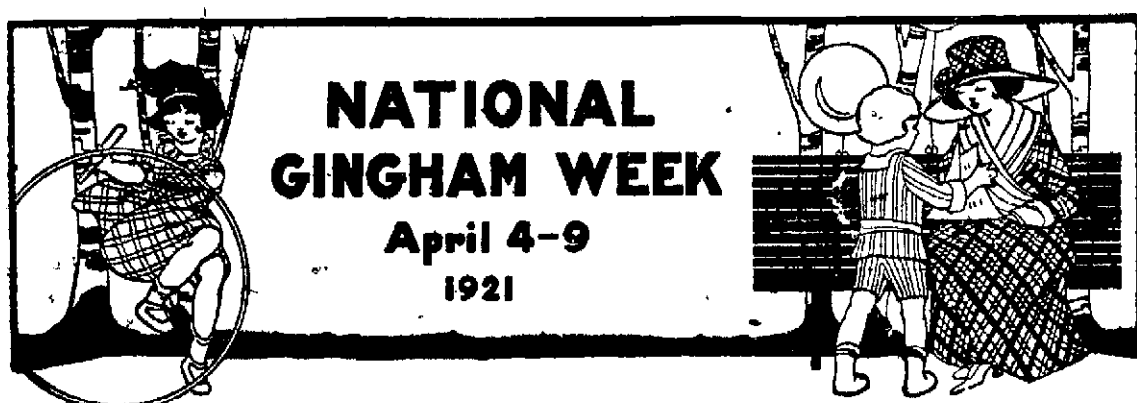

The afternoon hearing was devoted almost entirely to a consideration of the money put into the plant and the dividends to stockholders.

Mr. Hughes testified that the average annual dividend to stockholders was approximately 3 per cent, but offered to produce further records in regard to this at the adjourned meeting.

F. O. Hellstrom, acting for the petitioners, urged that public meter readers be employed. City Attorney H. P. O'Hare approved this, stating that he thought they would be more satisfactory to both the consumers and the utility companies.

Intimately, the opinion of the commissioners appeared to be that such action would not lessen the complaints any and cited the experience of city-owned plants.

Licenses This Week.
Marriage licenses issued at the county judge's office within the week are for Marion E. West of Versailles, Missouri, and August A. M. Garske of

NATIONAL GINGHAM WEEK

April 4-9

1921

Set aside the week of April 4th to 9th, inclusive, to buy all the gingham you will need for Spring and Summer. National Gingham week this year and in this store, will see our regular fine qualities in fresh, complete assortments, in new and distinctive patterns, offered at prices which justify unrestricted buying.

32-in. IMPORTED ZEPHYRS

It would be difficult to find gingham more attractive in patterns than those which are included in our present showing of imported zephyrs. **98c**

Priced at per yard

SILK GINGHAMS

Among the wonderful values offered for Gingham Week are the all pure silk gingham which are shown here in a myriad of pleasing designs. **\$1.48**

Priced at per yard

27-in. QUALITY GINGHAMS

The range of designs and colorings seldom shown in gingham of this price, make these very desirable. And that is not all—these gingham have set a new standard of service because of their superior quality. **25c**

Priced at per yard

SILK TISSUE GINGHAMS

There is an air of freshness, a suggestion of youth about a dainty tissue dress that is charming. Every woman needs a dress of this kind for wear on a number of occasions, for it is appropriate, cool and decidedly fashionable. **85c**

Priced at per yard

32-in. FINE GINGHAMS

These fine quality gingham are shown in exclusive and original designs, most delightful for house or afternoon frocks. They will wear long and well, and at these prices represent one of the best values in wash fabrics that we had in years. **35c**

Priced at per yard

32-in. DOMESTIC ZEPHYRS

Not for several seasons have we been able to offer gingham of the superior quality at such low prices. The designs are exclusive—in new plaids that are delightful for house, afternoon and street dresses. **48c**

Priced at per yard

GINGHAMS SPONGED AND SHRUNK FREE

All gingham purchased at our store during National Gingham Week will be sponged and shrunk free of charge. The Perfected Spotless Sponger and Shrinker used.

GRAIN FUTURES LAW IS HELD INSUFFICIENT

New Measure With "Teeth" in It Is Planned by Minnesota Solon

ST. PAUL, Minn., April 2.—Termed an "anti-futures" measure, after the bill for which it was substituted, the law enacted by the Minnesota legis-

lature, effective next August 1, actually legalizes trading in grain futures instead of prohibiting such transactions.

The original "anti-futures" bill, drawn by the farmers' committee, aimed to prohibit dealings in futures though excepting "legitimate hedging," but the hedging amendment finally caused substitution of the measure that has received the governor's signature.

Only one qualification is placed on dealings in futures, and that is that the contract must be made in "good faith," and it is provided that such contracts may be settled after the manner customary on grain exchanges, by payment of the difference between the contract price and the market price of the commodity.

The bill was intended to regulate trading in grain futures, with a view to prohibiting "gambling," defined as the purchase and sale without actual intent to deliver the grain. In the law enacted, however, this "anti-gambling" feature merely provides that a gambling contract is one in which actual delivery of the commodity is not, in good faith, contemplated by the contracting parties.

"This act," it is set forth, "shall not be construed to prohibit producers of, or dealers in grain or any grain product, or other farm product, from buying or selling any such grain or product in good faith for future delivery on any grain exchange, according to the customary method of making such contracts on such grain exchange."

The next paragraph, dealing with hedging, declares that "if either party to a contract of sale for future delivery enters into the contract in good faith as protection against loss on farm products, such future contract shall be lawful and may be enforced."

and the contract may be fulfilled by a settlement on the basis of the payment of the difference between the contract price and the market price of the commodity sold.

"A contract of sale for future delivery," it is further provided, "shall be legal even though one party in such contract enters into it for speculative purposes, even though he knows that the other party also entered into it for purely speculative purposes and not as protection against loss."

A bill by Representative R. A. Wilkinson, now before the legislature, is designed by its author to put "teeth" in the future trading law. The Wilkinson measure would make it the duty of the state grain and warehouse department to detect gambling on the grain exchange and to furnish the evidence for prosecution. The prosecution would be placed in the hands of the attorney general, instead of county attorneys.

PLAYMAKERS OF DAKOTA "U" WIN IN PLAY HERE

"A Rose o' Plymouth Town" Well Played and Heartily Appreciated

An amateur dramatic production appears to be one thing and a production by the Dakota Playmakers quite another.

One who saw "A Rose o' Plymouth Town," presented at the Auditorium last night by the Dakota Playmakers, the dramatic society of the University of North Dakota, doubtless was prejudiced at first by the thought that it was an amateur production. But as the play progressed the prejudice must have been dispelled in the mind of one who really appreciated a skillful portrayal of the intimate family life of the Pilgrims forefathers.

There is perhaps no stronger test for an amateur play than an appearance before a strange audience. There is not evident the sense of intimacy of a "home-town" audience with the players nor the spirit of "home-town" pride which lightly passed the imperfections. It cannot be denied that the cast in "A Rose o' Plymouth Town" stood the test well.

Miss Vergetta Thompson, as "Rose de la Noye," the leading lady of the cast, well deserved the title. Her vivacity, her voice and her utterly "at home" presence on the stage has not been equalled by many an actress of the professional stage who has appeared in Bismarck in excellent dramatic roles. Her husband, Garrett Foster, a light-hearted, rough-tongued man of the colony, also ranks far above the vast majority of amateur performers. Ruby Crothers, as the wife of Miles Standish, exhibited a fine appreciation of her character.

Beautiful costumes and excellent stage settings added to the effectiveness of the play. Great credit is reflected upon Franz Rickaby, director of the Dakota Playmakers, and Mrs. John B. Cooley, coach of the play. To W. Geraldine McNicol fell the arduous task of managing the business affairs of the play on its tour which has proven highly successful.

FAIL TO IMPEACH OKLA. GOVERNOR

Oklahoma CITY, April 2.—The house of representatives cast a tie vote and failed to pass impeachment charges against Governor Robertson.

MANDAN NEWS

WILL DIVIDE WORK OF CITY MUSICAL CLUB

The work of the Mandan Musical club will be divided into different units, so as to admit of more aggressive and efficient work. This was decided upon at the organization meeting Friday night.

The following officers were elected: Mrs. C. A. McLean, president; Mrs. J. A. Blagg, vice president; Mrs. H. E. Thorberg, secretary; and Mrs. W. H. Vallance, treasurer.

Another meeting will be called soon to consider the division of the work and new by-laws for the organization.

Holding Food Sale.
A food sale is being held today by the P. E. O. ladies at the Mandan Drug store.

WANTS MILK COWS TESTED

Dr. F. E. Bunting, city health officer, has asked the city council to revise the milk inspection ordinances so that all cows from which milk is furnished to the city must be tuberculin tested.

He also asked for legislation which will prevent cows, pigs and other domestic animals from being kept in the residential sections of the city.

PAVING BIDS ARE LOWER

The city council of Mandan met Thursday night to consider paving bids submitted by John O'Connor & Co., and W. E. Kennedy & Son, of Fargo.

The Kennedy bids were the lowest and much lower than any made in the state this year. The council took no action on the bids, but appeared to favor bituminous paving, which has already been used by the city.

The bids of the Kennedy company were:
Bituminous, \$4.10 a yard.
Asphalt, \$4.85 a yard.
Brick, \$6.00 a yard.
Cement, \$4.10 a yard.

Will Hold Supper.
The men of the Presbyterian church will meet at supper Wednesday night.

Hold Funeral.
The funeral of Eugene Reymann was held this afternoon from the Kennedy chapel.

Returns From San Diego.
Dr. and Mrs. H. O. Altow have returned from San Diego, where they spent several weeks.

Will Hold Meeting.
A regular meeting of the White Shrine of Jerusalem at the Masonic temple Monday evening.

IND. PAPERS VARY COM- MENTS ON ELECTION

(Continued from Page 1)
Mnot, a very capable gentleman and one who has a very clean record in this state. We do not believe the opposition can say a word against the nominee for governor. He is a successful attorney of the Magic City and has the qualifications necessary to make a good governor.

"We cannot help but again express our regret at this action of the convention. No matter how urgent the necessity for a change of state government we do not think that next November or any other time before the end of the present term of the officials is good policy."

CALLS FOR FUNDS.
Chairman Liederbach of the reorganized state committee of the Non-partisan League, published a three-column front page statement in large type in the Courier-News, the official League daily, calling for \$150,000 for the recall fund and approximately \$100,000 for other purposes.

Editorially, the Courier-News suggests that other state officials will be recalled by the League, but hints that it will be confined to a few, probably two, the secretary of state and state treasurer.

Mr. Hall and Mr. Steen, if the law which will be initiated changing the personnel of the industrial commission, passes, would be members of the industrial commission in place of the attorney general and the commissioner of agriculture and labor. Therefore, the passage of the initiated law would give the independents control of the industrial commission.

The League, it is said, fears the passage of the laws more than the defeat of its officials. It has in the last two elections been much more successful in electing men than defeating initiated measures directed against it. Apparently by recalling these two independents, it hopes to defeat at least one, which would give it control of the commission in case Governor Frazier was re-elected.

SERVICE MEN OF McLEAN COUNTY PAY TRIBUTE TO LIEUT. WALLIN

(Continued from Page 1)
ture and Rev. Brelvik of the Lutheran church offered prayer. The double quartette sang "One Sweetly Solemn Thought" and Rev. J. C. N. Pengelly then delivered an address, selecting for his theme, "The Price of Liberty." Mrs. McCurdy sang Kipling's "Recessional" and a memorial address was delivered by L. R. Burzum, commander of Victor B. Wallin Post No. 12. Concluding the service the choir sang "Lead Kindly Light" and Rev. Pengelly offered prayer.

The funeral escort formed outside of the opera house, saluting the casket upon its appearance. The line of march was as follows: Band in charge of Musicians Thompson; the colors carried by Archie Nygaard, formerly in the naval service with a color guard of ex-navy men; the escort in command of Captain McCulloch, the chaplain; the casket borne by over-seeing men and boyhood friends of the lieutenant, Messrs. Ben Everson, Archie Fahlgren, Roy Wahl, Henry Wahl, Fred Benn and Carl Knutson; the mourners in cars; the company commanded by Lieut. Peterson; veterans of the Civil and Spanish-American wars in cars; children of the public schools and a long line of automobiles carrying civilians.

At Riverview cemetery the full military ceremonies were carried out, the platoon firing three volleys and Musicians Thompson sounding taps. Mrs. Wallin presented the flag which covered the casket to the post.

Service Men Present.
A large number of ex-service men were present from Wilton, Underwood, Coal Harbor, Garrison, Turtle Lake and Mercer.

Victor B. Wallin was born in Washburn, North Dakota, April 15, 1895. He grew to young manhood at Washburn, attending its public school and mingling with his fellows in the various activities of boyhood life. In 1914 he went with his mother to Colorado Springs and in June, 1916, graduated from the high school of that

FIRST WHITE HOUSE EGG ROLLING SINCE 1915

President Harding is shown waving from the south portico of the White House to the thousands of children who packed the White House grounds March 28 for the first egg rolling since 1915. Below, some of the star egg rollers.

city. In the fall of that year he entered Colorado College, and was attending that institution at the time of the outbreak of the war. He was the first man in Colorado Springs to enlist and immediately entered the Officers Training Camp at Camp Funston where he graduated and received a commission as first lieutenant and became a member of B. Co. of the 368th, with which outfit he went overseas in May, 1918. He participated in all the offensives of which the 89th Division was a part and met his death on the morning of November 21st, while leading his men across the Meuse river near Bouilly.

Lieut. Wallin was a splendid man and a brave soldier. He willingly made the supreme sacrifice for his country's sake. He could not remain at home if there was a war on for the cause of mankind. Duty was first with him, devotion, the outstanding quality of his fine personality. The tribute that may be paid to all the martyrs of the centuries may justly be paid to him. He was "killed in action." These words appear upon his monument. The splendid floral offerings were indicative of the high esteem in which he was held in his home community and the sympathy of all is extended to the brave, devoted mother and to Lieut. Wallin of the navy, and Sgt. Clarence Wallin, who is now stationed with the U. S. troops at Manila, P. I.

The Trail to Pros- perity

SMALL business is essential to our national prosperity and has won for itself an important and an enduring place. But small business, however multiplied, cannot undertake to serve the public in a big way where unity of service is necessary.

This must be accomplished by great, highly specialized organizations, managed honestly and efficiently, and functioning to the benefit of all the people.

Such an organization is the Standard Oil Company (Indiana).

Its business is to refine crude petroleum into the many products needed by the people — to provide a system of distribution which will make them available everywhere, and to sell at a price which is fair to all.

To accomplish this, 25,000 men and women devote all their time, energy, and intelligence to the task, while the stockholders have invested more than \$200,000,000 of capital.

In preparing to meet the demands of industry, agriculture, and motorists throughout the 11 Middle Western states served, the Company is now refining petroleum to the limit of its vast refinery capacity.

It is distributing gasoline, kerosene, and lubricating oils to its bulk stations throughout the territory in order that it may be in position to give immediate service when the Spring and Summer rush comes.

Standard Oil Company
(Indiana)
910 S. Michigan Ave., Chicago, Ill.

What Does Fargo Get for Its Money?

After analyzing the letter of the City Engineer of Fargo, published in last night's Tribune, we gain the following information. The January cost (this is a high cost month, the average being much lower) of delivering water in the City of Fargo was 17 cents per thousand gallons. The engineer then attempts to arrive at the cost to property owners including cost of mains, etc., and concludes that this would bring the total cost to 40 cents per thousand gallons to property owners. Fargo is paying for its plant over a twenty-year period. After that time the plant will be paid for, and owned free of debt by the people of Fargo.

WHAT DOES BISMARCK GET FOR ITS MONEY?

Bismarck citizens pay 50 cents per thousand gallons for water. This is unfiltered water. It has paid this rate for thirty odd years, and the Bismarck Water Supply Company still owns the plant. We can keep on doing this for twenty years and the Bismarck Water Supply Company will still own the plant.

WHAT DOES FARGO GET FOR ITS MONEY?

Filtered water. Safe water. Plenty of it. Ample fire protection. At cost. Owns its own plant.

WHAT DOES BISMARCK GET FOR ITS MONEY?

Unfiltered water. Sometimes unsafe. Madly at times. Poor pressure. At a long price. The Water Company owns the plant.

WHAT IS THE REMEDY?

A city owned water plant.

HOW CAN WE GET IT?

By voting for LENHART, BERTSCH AND HENZLER.

HOW DO YOU KNOW?

This is a copy of a statement signed by them: "We believe the city should own and operate its own water system, and with this in mind, we believe the city should purchase the plant of the Bismarck Water Supply Company at a reasonable price, when financial and business conditions will permit, and after purchase to remodel and add to the present plant such parts and equipment needed to furnish clean and wholesome water and ample fire protection at actual cost to the City and its inhabitants. In event of failure to obtain the plant of the Bismarck Supply Company at a reasonable price, we believe the city should proceed to construct and install a complete new water system as soon as financial and business conditions will warrant."

(Signed)

A. P. LENHART,
C. BERTSCH, Jr.,
C. W. HENZLER.

THE ABOVE IS A STRAIGHT, CLEAN CUT STATEMENT

These candidates tell you what they propose to do. That is the reason they are so violently attacked by every person interested in the Water Supply Company and every opponent of a City owned water plant, and every reactionary in the city.

EVERY RUSE KNOWN TO EXPER- IENCED POLITICIANS

is being used to throw up a smoke screen to cover the real issue before you and defeat the candidates pledged to a city owned water plant. Don't be fooled. Keep your eye on the ball. Do not stop the progress of Bismarck. Do not help put the clock back twenty years.

YOUR FUTURE PROSPERITY HERE IN BISMARCK

depends upon YOU keeping your face to the front. Look to the future. The old days of twenty years ago are dead and gone. Eyes front!

WE HAVE WARNED YOU BEFORE. WE WARN YOU AGAIN. KEEP YOUR EYES ON THE REAL ISSUE AND VOTE FOR

Lenhart, Bertsch and Hensler

BETTER BE SAFE THAN SORRY

CURRENT EVENTS BANQUET.

On Thursday evening at the Grand Pacific hotel occurred the annual anniversary banquet of the Current Events club. Covers were laid in the private dining room for thirty, including club members and guests. The guests were the husbands of the members and, in their absence, the daughters of members. The table was beautiful in its floral decoration of yellow and white, the club colors.

Presiding as toast mistress, Mrs. John A. Larson called on members and guests for toasts. Mrs. C. W. Moses responded to the toast, "Eventually, Why Not Now?" in a stirring appeal for a better Bismarck before we have a bigger Bismarck. George E. Wallace responded with "An American Shrine" picturing Mount Vernon as seen in a recent visit to the historic spot. Mrs. George Welch had as a toast, the timely topic of "Main Street," marshalling for the edification of the party a droll budget of news of the day, relating to the doings of club husbands on Main street. Miss Nellie Evans took as her topic the subject admitting of the greatest possible breadth and depth, "The World." From an acrostic W-O-R-L-D, the speaker covered the five important phases of life, namely, work, optimism, rest, love, and discipline of self.

Following the banquet the party had a general social evening in the parlors of the hotel and the event is voted one of the most successful of the many anniversary banquets of the club.

FARM HOME PARTY

Mr. and Mrs. Charles Schiebler entertained a goodly number of young people at their farm home last evening, the occasion being the birthday anniversary of their daughter Amelia. Guests from Bismarck, McKenzie and neighbors were bidden to an "April fool" party the fore part of the evening. After twelve o'clock an elaborate birthday cake was brought in, with seventeen lighted candles heralding the anniversary of Miss Amelia's birthday. This was the crowning feature of a delightful supper, after which dancing continued until a late hour. Music of the evening was furnished by "The Little Wonder" orchestra, composed of small girls.

MRS. FALCONER HOSTESS.

Last evening the Ladies-of-the-Mac cabees spent a very pleasant evening at the home of Mrs. William Falconer. It being April 1, the costumes were suitable to the occasion. Progressive 500 and Rook were played. During the evening attractive looking candles were passed containing strange flavorings. A short business meeting was held for the purpose of electing a new record keeper, this office being made vacant by the resignation of Mrs. Matthews, who is moving to the country. Mrs. Pearl Johnson was elected to fill this vacancy. Delicious refreshments were served after which the guests departed at a late hour.

U. C. T. DANCE.

The U. C. T. dance at Patterson's hall tonight promises to be one of the largest affairs of the year. Splendid music has been obtained and the committee, which is the same committee that had charge of the successful U. C. T. dance in the winter, has left nothing undone to make the affair a success. Entrance to the hall will be through the McKenzie hotel, and luncheon will be served during an intermission in the main dining room of the hotel.

HONOR GUEST AT DINNER.

Miss Tess Henry, who is leaving the adjutant general's office, was the guest of honor at a dinner given Thursday evening at the McKenzie hotel by Misses Lillian Boelke and Helen Holland. The guests were: Mrs. A. E. Brink, Misses Mary Kelly, Beatrice McQuillan, B. Farley. Following the dinner the party attended the Ellinger theater. Miss Henry who has made a host of friends in the city who regret her departure.

LADIES' AUXILIARY U. C. T.

The Ladies Auxiliary of the U. C. T. will not meet until the fourth Saturday in April.

Hemstitching, Mrs. N. W. Kelley, Haggart Block, Bismarck, N. D.

Special. A turkey dinner will be served from 6 to 8 p. m. at the McKenzie Sunday. 4-2-21

SCHOOL'S SLOGAN MEANS SOMETHING

Asked why they always use the slogan "Follow the Successful," F. L. Watkins, Pres., Dakota Business College, Fargo, N. D., says: "Because it really means something. Hundreds of big business men and bank executives were trained here for business by business men in a real business way. The latest of our boys to be elected president of a bank is A. H. Lindemann of the Citizens State Bank of Pingree, N. D."

"Follow the Successful" Write F. L. Watkins, Pres., 836 Front St., Fargo, N. D. Ask why Spring term is best for enrollment.

NERVOUSNESS

Nervousness is due to an imperfect condition of one of the joints in the neck. This abnormality may be very slight, but like a pebble in a shoe, it is sufficient to keep one of the nerves continually irritated. Defective neck joint is the cause, general nervousness the effect. Chiropractic Vertebral Adjustments relieve the nerve pressure and the nervous condition disappears.

Even Moving the Piano Won't Mar Liquid Granite

One of the largest piano houses in the United States writes that Liquid Granite is the only floor varnish they have ever found that will withstand the wear and tear of moving pianos.

The weight of the piano may groove the wood, but it won't mar or crack Liquid Granite.

The varnish on your floors should stand this test. Ask us and we'll tell you what to do.

Do you live in a "house" or a "home"?

YOU often see in magazines, pictures which illustrate the difference between a house and a home. Picture No. 1 shows the house—vineless, without flowers, shrubs or lawn—perhaps unpainted and rather ramshackle. That's just a house.

PICTURE No. 2 shows the same house "after treatment." Vines, flowers, lawn, paint and much labor, have converted the house into a home.

THERE'S the same big difference inside, between a house and a home, of course. And the one way to improve both the inside and the outside of your home is to dress up your windows—which brings us to remark that

Next week is
Home Craft Week

THE STATE'S OLDEST NEWSPAPER
(Established 1873)

BEHIND THE FLOWERS.

John Burroughs is dead—and America loses its foremost authority on nature. A picturesque character, at one time claimed exclusively by the cultured, he in recent years became dear to the heart of the common people through moving pictures of his life and work.

No character in our history ever held the same position as John Burroughs. Walt Whitman, probably America's greatest poet, sang of nature. Luther Burbank is nature's wizard, by his discoveries making it more beneficial to man. But the position of John Burroughs is unique—he spread the love of nature as a matter of sheer joy of living.

Like the Frenchman, Fabre, Burroughs penetrated the great philosophy behind the flowers and the elements and interpreted it for his millions of followers.

The great quartet is now broken. There will be no more camping trips by John Burroughs, Henry Ford, Thomas A. Edison and H. S. Firestone. In these four, each unique in his field, extremes met. On one side stood Firestone and Ford, practical business men. On the other side, Burroughs and Edison, students of nature's mysteries.

John Burroughs is dead, yet John Burroughs as known to the public will live on, through his writings. He leaves the world an invaluable heritage—the love of the Great Outdoors.

A RULE FOR HAPPINESS.

Carrying yesterday's grouch over into today to start the day with a serious handicap.

Each day has its own burdens without picking up any from the past. A grouch, old or new, is an intolerable burden whenever or wherever we find it.

Especially is this true in the home. Husbands and wives who allow yesterday's differences to bring morning gloom make a mistake that is sure to bring grief.

A middle aged couple have made happiness their chief business in life. Speaking of the differences that creep into homes so easily, the husband says:

"We make it a rule to begin each day with a clean slate. Every morning before I go to work, we always smooth out any difficulties that may have come up since the morning before, if we have not already done so. When we kiss each other goodby, we're square up to date. And you won't find a happier home than ours."

A simple formula for happiness, yet most effective.

RAISED BY A WOLF.

If you had been carried off by a wild animal when you were a baby, and had been reared among the lower animals like Tarzan of the Apes, you would neither be able to speak nor stand erect, but would walk on all-fours.

This astonishing statement is made in "The Science of Ourselves," a book by Sir William B. Fuller, British scientist.

Rome, according to fable, was founded by twins rescued, suckled and raised by a she-wolf. That may have been true, says Fuller. He claims that in India, children, frequently are carried off by wolves but not killed. Kipling wrote his Jungle Books around such a boy character.

"During the last 80 years," says Fuller, "at least nine of these children have been rescued from their wolf foster-parents. I myself saw two of the children who were rescued from the wolves when they grew too large to enter the burrows. Neither of them showed any traces of human manners. They ran on all-fours. They had no articulate speech. And they preferred the society of dogs to that of men."

Even long subsequent association with human being effected no change, says Fuller. A wolf-child rescued in the Agra district of India was kept in the Secundra Missionary Asylum from 1867 to 1895. "He was discovered sitting in the company of a wolf at the entrance to a burrow. During his 28 years' stay in the asylum, he never attained a complete erect position. He never learned to speak. And his sole accomplishment was that he came to use his fingers in eating instead of wolfing the food."

Sir Fuller's book has created a sensation among scientists. It has exploded many theories advanced about the origin of language, a mystery that has never been explained.

A puppy brought up apart from dogs grows into a normal dog, with canine mannerisms and barking. So does a duck hatched by a chicken.

Why, then, is man different? You cannot answer.

But do you realize, more strongly than ever before, the tremendous importance of proper babyhood.

The fate of a grown man or woman is determined by environment and care during babyhood. A whole lifetime cannot undo the evil effects of a baby's neglect or unfair treatment.

The odds are ten to one, that a child raised by a human wolf or in wolfish surroundings can never mature into normal being.

LUCKY FRIDAY

Are you afraid of Friday? Brides consider it unlucky. So do business men, who dread it as a day for starting important deals. The aversion to Friday is found in nearly all nations, though Thursday is feared by Scandinavians and Tuesday by the Spanish. The canny Scotch also fly in the teeth of popular superstition, nine-tenths of Scotch weddings being crowded into Friday.

To the Mohammedans alone is Friday the lucky day. They celebrate it as the birthday of the creation of man.

Sailors of all countries dread the day. They talk in awed whispers about Isaac Harvey's ship. Its keel was laid on Friday by a captain who wanted to kill the old superstition. The ship foundered on its first voyage.

Friday's reputation as a disastrous day apparently originated in the early days of the church, when Friday was set as the date of the Crucifixion.

Business men's aversion to Friday is traced to the two Black Fridays on the New-York Stock Exchange. The panic of 1873 started on Friday. It was on a Friday in 1869 that Gould and Fisk cornered the gold market and shook Wall Street to its foundation.

But now comes a calendar sharp, claiming that Friday is America's lucky day. It was on Fridays he points out, that Columbus sailed for and discovered America. The Mayflower ported at Provincetown on Friday. It was on Friday that Richard Henry Lee introduced the resolution by which the Thirteen Colonies declared their independence. The Revolutionary War was decided on an historical Friday when Cornwallis surrendered.

Woodrow Wilson claims 13 as his lucky number. President Harding may well claim Friday as his lucky day, for it was on Friday that he was inaugurated president. Let's hope that particular Friday proves as lucky for the nation as it did for Warren G. Harding.

April showers bring May flowers—if a cold nip doesn't intervene.

In solving a problem, man generally creates several new ones.

Russia admits that she needs her intellectuals who fled the country. But can the intellectuals be persuaded that they need Russia?

Price of baseball bats mounts. Ringling, Barnum & Bailey circus will have no more parades. Going to be a tough year on us boys!

City that had 100,000 population 4000 years ago is dug up at San Juan de Teotihuacan, Mexico. Wonder if Bismarck will be under the sands 4000 years hence?

General Coxe, after 27 years, may reflect that he accomplished about as much as anyone who takes a problem to Washington.

Automobile habit will shorten man's legs and made his head bigger in time, says Levi S. Gardner, Detroit scientist. You have noticed that enlarged tendency by owners of expensive cars.

EDITORIAL REVIEW

Comments reproduced in this column may or may not express the opinion of The Tribune. They are presented here in order that our readers may have both sides of important issues which are being discussed in the press of the day.

JOHN BURROUGHS.

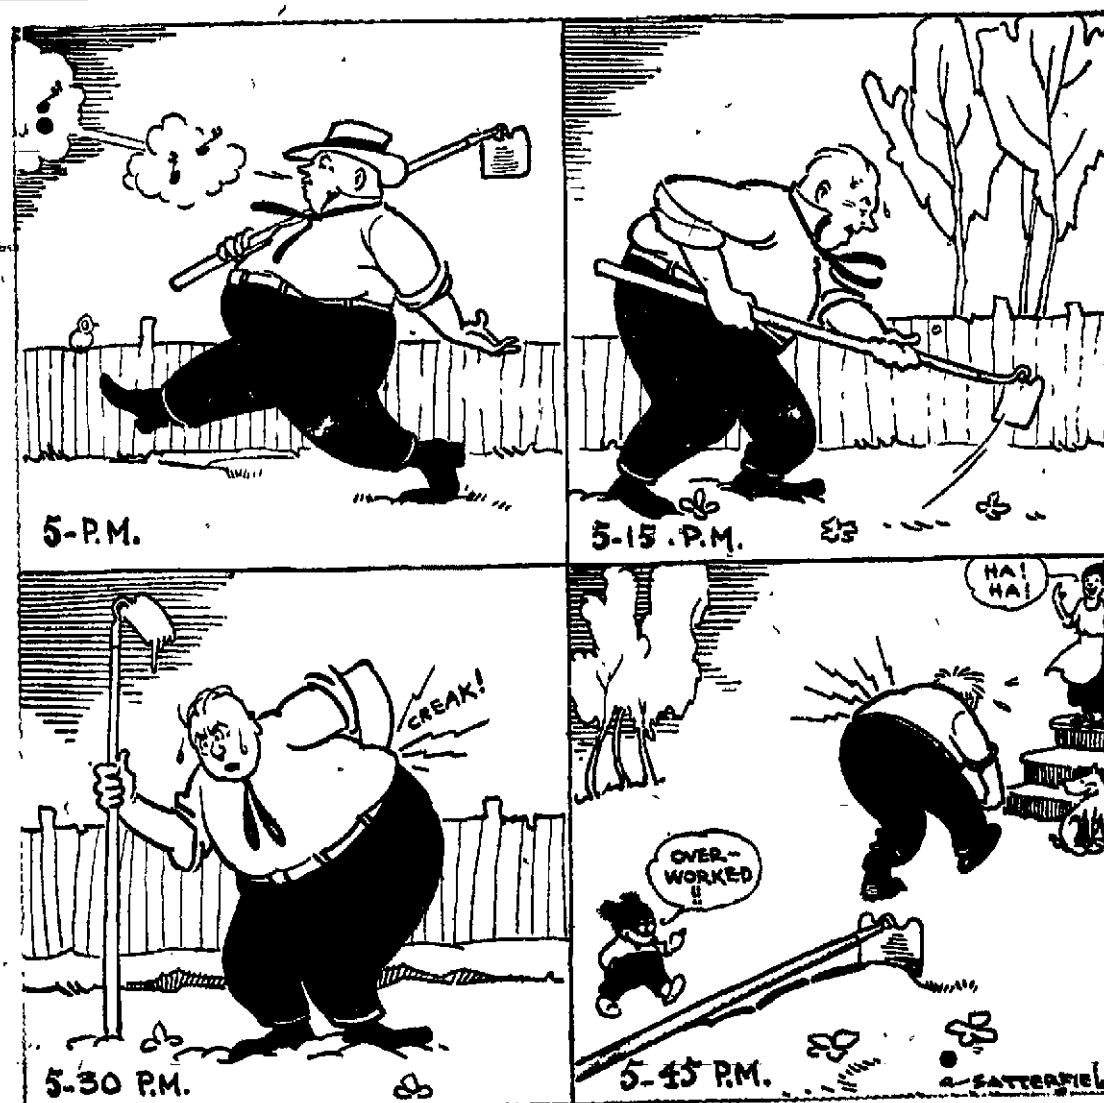

No other American did so much to popularize nature study as did John Burroughs, venerable literary naturalist, who died Monday. His delightful essays and poems written in a free and easy style and devoid of that stilted sentimentality which so often characterizes literary efforts of this character were perhaps more widely read than any others of their kind. Possessed of the blessed faculty of impressing his own personality through the written words of John Burroughs endeared himself to all who read his books and even to those who knew him only by reputation.

Luther Burbank is a nature wizard. He plants and transplants, creates new flowers and fruits. He is a manufacturer. John Burroughs on the other hand studied nature as it is and wrote of it as he saw it. He created no new blooms, but told of those that are in such a simple, homelike manner that all the world loved him.

Perhaps the American people will remember him best for his long association with Theodore Roosevelt. The two were boon companions. Both were devotees at nature's shrine. Both loved trees, birds and flowers. And when the Colonel saw fit to denounce certain writers on natural history as "nature fakers" John Burroughs was the first to his defense.

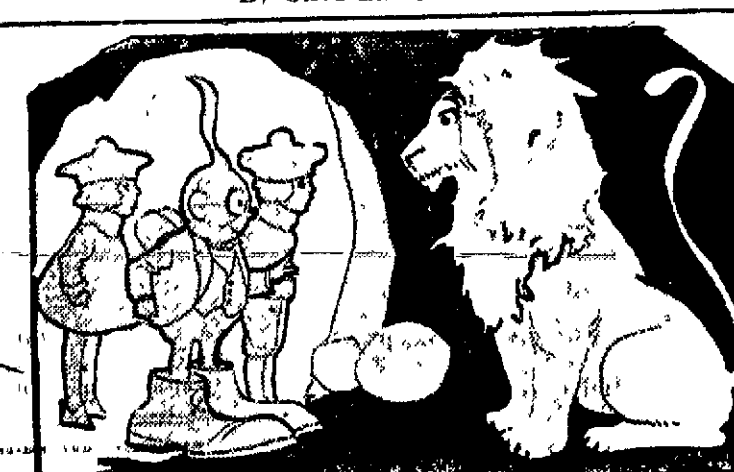

The world will miss John Burroughs. His was a life of service.—St. Paul Pioneer Press.

'ABOUT THIS TIME O' YEAR

ADVENTURES OF THE TWINS

By Olive Barton Roberts

"Don't happen to have a tender next morning Nancy and Nick and Mr. Flippety-Flap slid down out of their mango tree and hunted up the Lion family."

"Good morning!" said the fairyman. "Have you breakfasted? And how is Lumpy's toothache?"

"Yes, we've breakfasted on tough antelope and I am glad to say that Lumpy's tooth is better, but if we keep on eating tough meat, none of us will have a tooth left. Don't happen to have a good tender circus-steak along with you, do you, eh, Mr. Fairyman?"

Flippety-Flap scratched his ear, then his nose, and then rubbed his chin. "I'm trying to think," said he "but I forget."

"Why don't you look?" suggested Nancy. "Of course," said Flippety-Flap "That's the sensible thing to do. Mr. Lion, do you know this is the smartest young lady this side of the States, other side either. And her brother—"

AT THE MOVIES

TUESDAY.

"Black Beauty," a story that has been read by people in all countries for over forty years, was made into a spectacular motion picture at the cost of over half a million dollars. It required one of the largest casts

circus steak!" asked Mr. Lion.

really he's so smart he can tell you anything. How many crows in a corn field in January, or how many foxes Mr. Rabbit invited to his dinner-party, or anything at all, just like that."

All the while Flippety-Flap was rummaging in his enormous shoes. You've no idea how many things he could carry in them. It was worse than a schoolboy's pocket! There were stove-lids, overshoes, a new spring hat for somebody, a dust-pan, a bunch of flowers, a doll, a hair-brush, a picture, an onion, a bottle of glue, a fishing rod, and what not. That was just a beginning.

By and by Mr. Lion began to sniff "You're coming to it," he roared delightedly "I smell it, but I can hardly believe my own nose"

It was true. Flippety-Flap laid out a fine large steak, and some other things—a seesaw, a ladder, and a huge ball. It was Mr. Lion's turn to roar with delight (To Be Continued)

GOVERNOR NEFF AIDS LEGION

Chief Executive of Texas Urges All Eligibles to Become Members of the Organization.

Governor Pat Neff of Texas has recognized the importance of the American Legion's effort to extend its influence in that state by giving an unqualified endorsement of the membership campaign now under way.

"Officials of the department of Texas, American Legion, the organization which stands as a living perpetuation of the spirit of the American soldier during the World war, are now making an especial effort to draw more ex-service men into their ranks," said Governor Neff.

"The record set by the men who form the department of Texas, during that period preceding November 11, 1918, and the principles advocated by these men since they have welded themselves into the American Legion," he continued, "leads me to suggest that the public would be serving its own ends, as well as those of the American Legion, by lending active support to the membership campaign the latter has launched. The former service man who has not affiliated with the American Legion should need no one to point out the advantage to be derived by him and his country through his support of this organization; but in the rush of modern life, some things are overlooked and those who have not the privilege of eligibility for the American Legion may aid by calling this to the attention of their acquaintances who have been in the service."

God's Best Medicine.

"Mirth is God's medicine," says a noted writer. "Everybody ought to bathe in it. Grim care, moroseness, anxiety, all the rust of life, ought to be scoured off by the oil of mirth. It is better than emery. Every man ought to rub himself with it. A man without mirth is like a wagon without springs, but a man who laughs and causes others to laugh, even though the days are dark and the causes for laughter are few, is like a chariot with springs in which one may ride over the rough roads and feel nothing but a pleasant motion."

BISMARCK.

Dr. Mellenthin

SPECIALIST

For His Eighth Year in
North Dakota

DOES NOT USE SURGERY

Will Be at

MCKENZIE HOTEL, TUESDAY
and WEDNESDAY, APRIL 12
and 13

Office Hours 9 a. m. to 4 p. m.

TWO DAYS ONLY

No Charge for Examination

Dr. Mellenthin is a regular graduate in medicine and surgery and is licensed by the state of North Dakota. He visits professionally the more important towns and cities and offers to all who call on this trip consultation and examination free, except the expense of treatment when desired.

According to his method of treatment he does not operate for chronic appendicitis, gall stones, ulcers of stomach, tonsils or adenoids.

He has to his credit many wonderful results in diseases of the stomach, liver, bowels, blood, skin, nerves, heart, kidney, bladder, bed wetting, catarrh, weak lungs, rheumatism, sciatica, leg ulcers and rectal ailments.

If you have been ailing for any length of time and do not get any better, do not fail to call, as improper measures rather than disease are very often the cause of your long standing trouble.

Remember above date, that examination on this trip will be free and that his treatment is different.

Address: 336 Boston Block, Minneapolis, Minn.

New Corporations

Articles of Incorporation filed with the Secretary of State include: Hampshire Trade School, Ltd., of Grand Forks; capital stock \$15,000; incorporators, Robert E. Hemphill and Russell L. Towle of Winnipeg and S. Johnson of Grand Forks. RIGID ECONOMY, HEALING OF WOUNDS, AIM OF R. A. NESTOS

(Continued from page 1) graciously of J. F. T. O'Connor in presenting my name to the convention are especially pleasing to me. "Rigid economy, a substitution of a business administration for the present political administration of the affairs of the state, its industries and institutions, the restoration of confidence in our state, the healing and not the tearing open of the wounds of the past four years and the bringing to our people and state peace and prosperity, shall be the aim and purpose of the administration."

IN BISMARCK.

Iron Whirlwind of the Standing Rock Indian reservation, has been in Bismarck several days, where his son was recently operated upon.

SHE TOOK HER FRIEND'S ADVICE

Now is in the Best of Health
Because she took Lydia E.
Pinkham's Vegetable
Compound

Detroit, Mich.—"I was not feeling well for several years and never was able to eat any breakfast and always complained of a headache or tired feeling which at times required me to stop my work and rest. I have never had a physician and never took any medicine for it until yours was recommended to me by a neighbor whom I used to visit frequently. I took four bottles of Lydia E. Pinkham's Vegetable Compound, and now I am in the best of health and enjoy doing my work every moment of the day. It surely put life and 'pep' into my system."—Mrs. L. M. DARRAS, 46 Howard St., Detroit, Michigan.

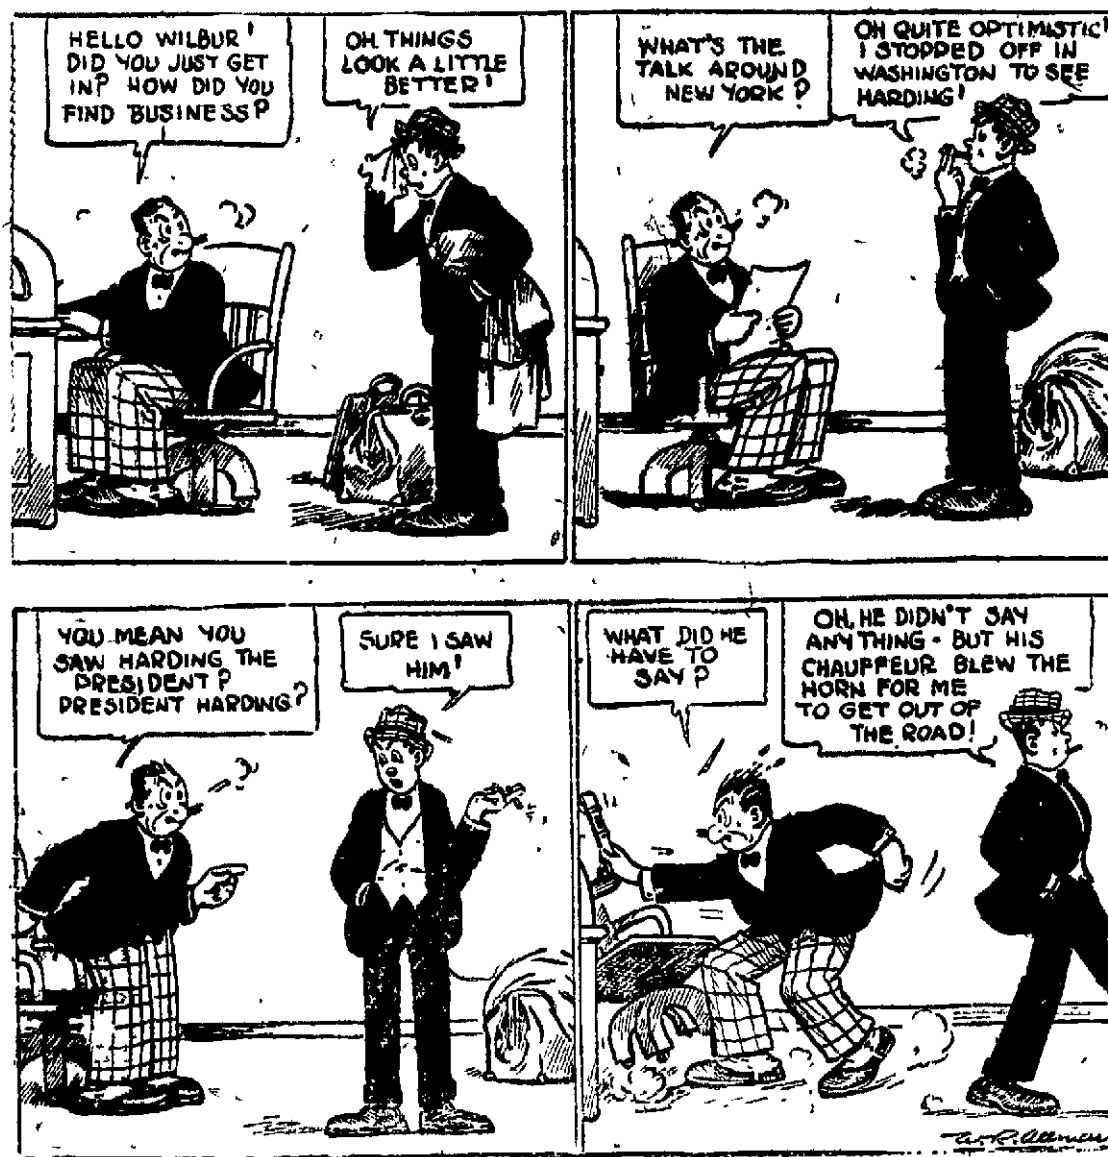

It is not always in business that a woman is forced to give up her work on account of ill health. It is quite as often the woman who does her own work at home. When backaches and headaches drive out all ambition, when that bearing-down sensation attacks you, when you are nervous and blue, the one great help for such ailments is Lydia E. Pinkham's Vegetable Compound.

LEGION MEN WANT P. M. FIRED

Lincoln (Neb.) Post Takes Exceptions to Government Official's Demand for Use of German.

A resolution requesting the government to relieve Henry C. Jarnus, postmaster of Emerald, Neb., from his office was passed by Lincoln (Neb.) Post No. 3 of the American Legion, as a result of the postmaster's efforts to supplant the American language by the German language in a church of Emerald.

The trouble started when the pastor of the church invited two Legion members to deliver patriotic addresses to the church. When the speakers appeared, Jarnus objected to their presence and called for a vote of the congregation to decide whether they should be ousted. It was the will of the majority that the Legionnaires should not be heard. After the vote the Legion members quietly left the church.

The pastor, whose invitation to the Legion men was made in an endeavor to conciliate the pro-German and American elements of his church in their controversy over the use of the American or German language, then took the floor and expressed his surprise at the turn of events and left the meeting.

In commendation of the patience of the American Legion members a Lincoln newspaper expresses the following sentiment in its editorial columns:

"The policy of the Legion to send speakers to address meetings on invitation only and to teach Americanism by example rather than by force, has everything to commend it. The small groups of unassimilated foreigners in this country can readily be curried into compact masses by hate. On the other hand, they can be dissolved in time by patience and friendship. The American Legion is honoring the name it bears when it adopts the latter course."

MEMORIAL AT CLINTON, MICH.

Peiper Post Unveils Monument in Honor of Veterans Who Served in Last Four Wars.

Frederick E. Peiper Post of the American Legion at Clinton, Mich., has unveiled a monument erected by the post in honor of sons of Clinton who served in the last four wars of the country.

Patriotic citizens of the town donated a plot of ground surrounding the monument, which will be conveyed

ed into a beautiful park. The monument is built of stone with a bronze tablet bearing the following inscription:

"In Memoriam—Dedicated to her sons who gave their lives for Freedom's cause in four wars, by the village of Clinton, the Mexican War 1846, War of the Rebellion 1861-1865, Spanish-American War 1898, Great World War 1914-1918."

WOULD AID C. A. R. VETERAN

Schuyler (Neb.) Post Endeavoring to Assist Grand Army Man Who Has Been Stricken.

The gratitude and loyalty of members of the American Legion to their comrades of the Grand Army of the Republic is illustrated by the Legion post at Schuyler, Neb., which is endeavoring to obtain aid for a Civil War veteran of that city, who is suffering from cancer.

"The post is in need of advice as to how we can assist this hero of another war," the post commander writes. "He is stopping with relatives who are doing all they can, but since they have to employ a nurse, I know that they cannot continue to care for him because of lack of funds."

"Now, we would like to have you take it up and see if something can't be done for the old veteran. This is a worthy case and I believe anything the Legion can do for the old boys who wore the blue will be appreciated. There are but a few of them left, and I think the Legion would do well to look after them, since no one else will do so."

In Harmony With Legion

Following an address by Robert A. LaRoux, national field organizer of the American Legion before a joint session of both houses of the Nevada legislature, C. W. Farrington, state organizer for the American Federation of Labor in Nevada, and a number of union members of the bodies stated that they were in harmony with the Legion's policies and that their organization stood with the Legion in its fight against railroading.

LIVING, GIVES ESTATE

NEW YORK, April 2—William Case Baker believes that children should not have to wait their parents' death to share in the estate. So he has distributed \$10,000 among his four children.

AND LAKE HAS NO TIDE

DETROIT, Mich., April 2—John Thomallewicz bought a farm. Paid \$1,900 cash for it. Two agents said it was worth much more. It was located two miles out in Lake St. Clair.

MARKETS

WHEAT CONTINUES SLIDE.

Chicago, April 2.—New low levels were reached on grain and provisions at the start today. The selling was general and with a lack of support prices declined rapidly. The sentiment was decidedly mixed. Active export demand was in evidence for wheat with some sales made via the gulf. Opening prices which ranged from 1-4 cent lower to 1 cent higher were followed by sharp declines and then a moderate rally.

The development of an active export demand for both new and old wheat and general covering by shorts was responsible for a sharp rally near the close. The finish was strong with prices 1 1/4 to 2 1/3 cents net higher.

MINNEAPOLIS GRAIN.

Minneapolis, April 2.—Wheat receipts 183 cars, compared with 32 cars a year ago.

Cash No. 1 northern, \$1.46-1-1 to \$1.53-1-4; May, \$1.30-1-4, July, \$1.25-3-4.

Corn No. 3 yellow, 48c to 49c.

Oats No. 3 white, 32c to 32 1/2-2c.

Flax No. 1, \$1.55-1-2 to \$1.58-1-2.

Barley, 46c to 56c.

Rye No. 2, \$1.36 to \$1.37.

CHICAGO LIVESTOCK.

Chicago, April 2.—Cattle receipts, 500. Veal calves fully \$1 lower; all others generally 25 cents lower.

Hog receipts 3,000. Steady to 15 cents lower.

Sheep receipts 1,000. Mostly 50 to 75 lower for week.

MINNEAPOLIS FLOUR.

Minneapolis, April 2.—Flour unchanged to 35 cents lower. In carload lots, \$8.50 to \$8.75 a barrel. Shipments, 57,529 barrels.

Brans, \$18.

ST. PAUL LIVESTOCK.

SOUTH ST. PAUL, April 2.—Only 50 cattle reported. For week, killing classes steady to weak.

Veal calves 50 cents lower, packer top today \$7.00.

Choice stockers and feeders steady to strong, all others mostly 25 to 50 cents lower.

Hog receipts 400. Steady to 25 cents lower.

Range \$7.25 to \$9.10.

Bulk \$8.00 to \$9.00.

Pigs steady, top \$10.75.

Sheep, none. For week, lambs, about 50 cents lower. Sheep and yearlings steady to strong.

CHICAGO CASH GRAIN.

CHICAGO, April 2.—Wheat: No. 1 red, \$1.45 to 1.45 3/4; No. 1 hard, \$1.47-3/4.

Corn: No. 2 mixed, 56 1/2 to 58 3/4; No. 2 yellow, 55 to 55 1/2.

Oats: No. 2 white, 38 to 39.

Rye, none.

Barley, 56 to 70.

CHARLES WILL HIT THE TRAIL

PARIS, April 2.—(By the Associated Press.) Dispatches received by the French foreign office today indicate that former Emperor Charles who, in belief of officials here, has been successfully blocked at efforts of restoration of the throne in Hungary, will be escorted back to Switzerland by allied officers.

Budapest, April 2.—By the Associated Press.—Former Emperor Charles moved for restoration of the Hungarian throne thwarted by the government will leave tomorrow morning in an automobile on his way back to Switzerland, according to semi-official sources.

ONE TEAM FOR TOWNS

WAHPETON, N. D., April 1.—Wahpeton in North Dakota and Breckenridge across the Red River in Minnesota, are to try co-operative baseball this year. Each town will contribute to make a team to represent the twin cities in the South Dakota league.

To avoid possible argument as to where "home" games will be played a park on an island in the Red River will be used. The name of the joint team awaits decision.

G. F. MAN STILL GONE

GRAND FORKS, N. D., April 1.—Arthur G. Mason disappeared from 1 and Fort last Saturday leaving a wife and nine children in a destitute condition. Attempts to locate him have failed. He gave no indication to his family or friends that he was going to leave town. He came here four years ago from 14 mile Falls, Minn. It is said he has relatives in Waterloo, Iowa who have a right home.

SEARCH BEGUN FOR VICTIMS

SEATTLE, Wash., April 2.—Searching parties left Seattle and Port Townsend for the vicinity of Point Wilson, on the strait of Juan de Fuca in an effort to recover bodies of the victims of the sinking of the passenger liner, Governor, yesterday. The missing list of 10 was unchanged.

FARMERS TO SEED SOON

MINOT, N. D., April 1.—Farmers in this section of the state expect to start their spring operations about about April 10. Scattered reports from this section indicate that a little operations proper will not begin for another ten days.

Wages to farm laborers in this section this spring will range from \$3 to \$17 a month.

ELKS MINSTREL SHOW DATE IS SET FOR MAY 6

Old-Time Minstrel Men to Direct it—New Officers Are Installed

R. FIELDS HEADS LODGE

The Elks' minstrel show will be given May 6 and 7. And the Elks who discussed plans for it, following the installation of new officers last night, declare it will be the best ever. The directors will be Curtis and Draper, old-time minstrel men of Chicago, who have assisted in Elks' minstrels before. P. R. Fields, new exalted ruler, started things off with a bang. In addition to the minstrel show, the Elks' band will give a concert, a special drive will be put on to raise the lodge membership from 225 to 300 and many social affairs will be planned. The new officers take over the lodge in a prosperous condition, reports show, and they intend to leave it in better condition, if possible. The new officers are: Exalted Ruler—P. R. Fields. Esteemed Leading Knight—H. T. Murphy. Esteemed Loyal Knight—A. Rosen. Esteemed Securing Knight—G. R. Thompson. Treasurer—J. W. McGraw. Secretary—L. K. Thompson. Esquire—Robert Webb. Tyler—E. H. Sperry. Inner Guard—Curtis Dullam. Trustees for 3 years—S. W. Derrick. Earl Pederson, former exalted ruler, conducted the installation, he having been especially deputized for this purpose.

BOYS TAKE FIRST SWIM

Spring came today full blast. Boys were the quickest to take advantage of it. A group of Bismarck boys found a temporary swimming pool in a ravine near the river road and the old brewery, and enjoyed their first swim of the season. Automobile owners made splendid use of the day and of the excellent condition in which the country roads are. Farmers were putting on the finishing touches on many fields preparatory to seeding Monday. In some cases they were seeding. Farmer delegates to the Devils Lake convention from the Western part of the state who went through Bismarck today on their way home were bemouning the fact that they were not only their fields. Spring coats were on fire in the park and persons waiting at depots talking on the streets unconsciously maneuvered to find a shady spot. Women were especially pleased with the weather and the prospects that it would be the rule tomorrow. His thought compensated fully for the frigid blasts of last Sunday which cruelly shattered their plans to don their spring latest.

MANY FOOLED AND NEW SALEM MAN SAVES \$22

"April fool" was worth \$22 to a New Salem man. He reported to local police that he had lost his pocketbook. A search was started. The man retraced his steps in the city yesterday, and on a writing table in the postoffice he found his pocketbook containing \$22. "Everybody must of thought it was an April fool joke and wouldn't pick it up," remarked a policeman. They did not learn the man's name.

River Rises 1.8 Feet. A rise of 1.8 feet in the Missouri river today indicated that the gorge north of the city had been at least partially broken. At Williston the river was reported one-third open.

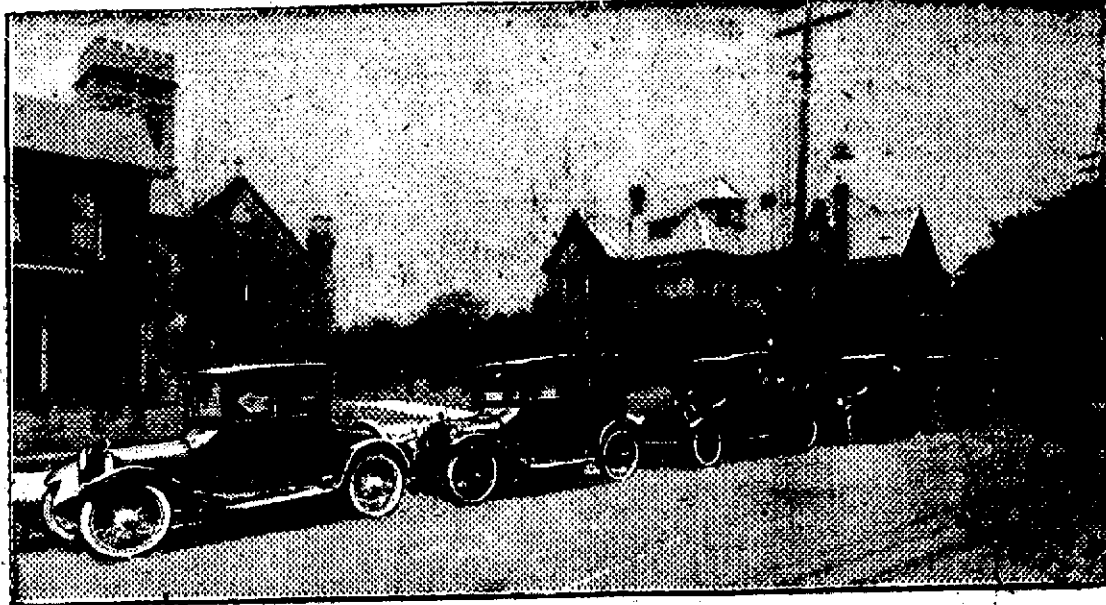

Winds Demolish Property

During the past year we have known of thousands of dollars worth of property laid waste by destructive tornadoes.

The Hartford Fire Insurance Company has authorized us, as their agent in this territory, to guarantee payment for any loss occurring to you from wind—if you insure with us in the Hartford.

Closed Cars in Funeral Train

An unusual illustration of the rapidly increasing value of the closed motor car as a necessary means of transportation rather than a mere personal convenience was provided recently by an enterprising funeral director in Laton town, Pa. He held a funeral in which only Dodge Brothers sedans and coupes participated. There was a coupe for the minister, sedan for the pallbearers, and a fleet of sedans for the family and friends of the deceased. Even the hearse was specially built on a Dodge Brothers chassis. The undertakers, J. H. Johnson & Sons, had no thought of associating a

closed car demonstration with the solemn business of conveying a body to its grave. On the contrary, they declare they have standardized on this type of car because they believe it by all means the best adapted to their requirements. The combined qualities of dignity and comfort are highly essential when it comes to motor equipment in funerals, they contend.

And these same factors are the determining influence in the public's rapidly growing tendency to discriminate in favor of the light closed car, said M. B. Gilmán, the Dodge Brothers dealer in this city, commenting on the subject. "People must have cars—that question has been answered thousands of times over. And they have concluded they might just as well have cars that will enable them to go anywhere in comfort the whole year round, day or night, warm or cold, rain or shine."

"A closed car of the Dodge Brothers type is just as necessary to the man or woman who is accustomed to riding in automobiles as a closed street car is to the man who depends on street cars. Our closed car business proves that this is not merely an individual belief. It is being demonstrated every day. People come in and tell us that."

CHURCH NOTES

Sale Starts Today

This sale will not last long at the sacrifice prices we are offering, so you had better hurry. We will be open every evening.

JOHN BORTELL

105 5th Street Opposite McKenzie Hotel

TO THE ELECTORS OF THE CITY OF BISMARCK

Bismarck, N. D., April 1, 1921.

In a letter dated April 1st printed in the Tribune, R. L. Best ex-City Commissioner who was retired from office two years ago by the voters, makes a number of misleading and very untruthful statements. In order that the truth may be known to the readers of the Tribune we undertake and set forth below each untruth and our answer to the same.

FALSE STATEMENT NO. 1

Mr. Best states as one of his conclusions, which he calls results, "also a lawsuit to attempt to evade paying \$24,000.00 (the expense caused the Water Company in the investigation and ordered charged to the City by the R. R. Commission)."

ANSWER

There is no lawsuit pending for the purpose above stated or any other purpose of like nature, and the City will never pay the Water Company \$24,000.00, because the Supreme Court has ruled against it. It may be that if you vote as Mr. Best suggests for the ticket of REGIS-TER, THOMPSON and CLIFFORD, they may decide to pay this \$24,000.00 and no doubt this is what Mr. Best wants you to do in order to save the expense of lawsuit.

FALSE STATEMENT NO. 2

Mr. Best states as another result, "An increase in our water rates."

ANSWER

This is another falsehood, for while an increase in rates was ordered by the R. R. Commission, the increase was stopped by the Courts and never put into effect. The Supreme Court of this State unanimously decided that such decision of the R. R. Commission increasing rates was null and void. Mr. Best well knew this but he wants the voters of the city to believe that the water rates were actually raised as a result of the investigation.

FALSE STATEMENT NO. 3

Mr. Best states that the Budget for this year contained the following items: City attorney \$1,800.00, Associate Counsel \$5,000.00, Total \$6,800.

ANSWER

This is another mis-statement, in as much as there is no such item as Associate Counsel \$5,000.00, in the annual budget of the City. There is an item of \$5,000.00 for Water Case Expense in the budget, and this has been spent and disbursed and paid out, and is a part of the expense of the city in the Water Fight and is included in the \$9,664.70 expense in the Water Fight, a statement of which was mailed by the undersigned Committee to all the voters of the City. Mr. Best would have you believe that it has not been paid out or spent as yet. He tells you a DELIBERATE FALSEHOOD and then asks you in the same breath to vote for REGIS-TER, THOMPSON and CLIFFORD.

We respectfully ask the electors of the City of Bismarck to pay no attention to last minute SLANDERS, CAMPAIGN LIES and MUD SLINGING of such people as Mr. Best and the friends, stockholders and paid agents of the Water Company.

In closing we respectfully solicit your support and vote for A. P. LENHART FOR PRESIDENT, and C. BERTSCH, Jr., and C. W. HENZLER FOR CITY COMMISSIONERS at the City Election to be held on April 5th. These candidates stand for MUNICIPAL OWNERSHIP of the WATER PLANT, CHEAP WATER, WATER FOR FIRE PROTECTION, and for PROGRESS AND GROWTH IN CITY AFFAIRS.
